

WAIVER

The School District of West Salem offers students the opportunity to participate in curricular and co-curricular activities which require the advance expenditure of personal funds for private transportation, food, housing, and like expenses.

There may be circumstances after prepayment when such activities are cancelled for reasons beyond the control of the School District of West Salem or by the School District for reasonable and prudent reasons under the circumstances.

If such an event occurs, the district will make every attempt to secure reimbursement of funds expended through the district accounts or from vendors. If the district is unable to secure reimbursement then the funds cannot be returned to the individuals.
