

Student Use of the Collaborative Website Edmodo Acceptable Use Agreement

Edmodo is a free, secure, social learning platform for teachers, students, and parents. Edmodo provides teachers and students with a secure and easy way to post classroom materials, share links and videos, and access homework and school notices. Students are able to collaborate with each other in specific cooperative learning groups organized by the teacher. The teacher is able to oversee all the conversations and posts. Edmodo will act as a communication and support link between the teacher, students, and parents. Assignments, notes, and important dates will all be found on the website.

Students are also able to connect Edmodo to their mobile devices. This means that the students will need to provide their cell phone number to the secure website. With this, students are able to receive teacher reminders and notices about upcoming due dates and exams through text message. The decision about whether a student connects to Edmodo with their mobile device is up to parents. The school would like to know if your child is permitted to connect their mobile device to Edmodo. We recommend you go through Edmodo's privacy policy with your child. It is found at the following website: <http://www.edmodo.com/corporate/privacy-policy>.

To familiarize yourself with the website, please visit www.edmodo.com. If you need any assistance or have any questions, feel free to contact your child's principal.

EDMODO CONSENT FORM

Signing this document signifies that I:

1. a) have read and agree to abide by the terms and conditions of the use of the collaborative website Edmodo
2. b) am familiar with the information and location of the website

I allow my child to connect to Edmodo through their mobile device: yes no
