## **School Board Approves Resolution for November Referendum**

Following more than 15 months of discussion since the failed referendum in April of 2015, the West Salem Board of Education arrived at an agreed upon solution to address the issues of over-crowding, traffic congestion, and facility upgrades needed at the elementary and middle schools along with deteriorating and/or inadequate campus facilities for activities. The process culminated on Monday, August 22nd when the board unanimously approved of the resolutions required to place a school district referendum on the ballot for November 8th.

The November referendum will consist of two questions:

**Question Number 1** will request voter permission to borrow up to \$20 million for the purpose of completing renovations and additions to the middle school and updates to the elementary school. In addition, the Boys' and Girls' Club has pledged to donate \$2.5 million to cover the cost of including shared space for the club within the renovated middle school.

The proposed project at the middle school is similar in scope to the project completed at the high school in 2002 and includes a complete renovation of the current facility, a two-story addition to the north, a single story addition to the west, and a new front entry facing south onto East Avenue. The funds provided by the Boys' and Girls' Club will be used to create a "new" club within the building by renovating the current middle school basement, locker rooms, gymnasium and east entry. The proposed updates at the elementary school include a dedicated bus transfer area, additional parking, improved cafeteria serving area, an events entrance, and building infrastructure.

(See images on page 2)

**Question Number 2** will request voter permission to borrow up to \$5 million for the purpose of funding improvements to several campus facilities. The proposed projects include renovation of the running track, construction of additional seating at the football/track stadium, construction of a three-diamond softball complex, renovation of the current varsity softball diamond into a junior varsity baseball diamond, construction of new eight-court tennis facility, construction of a multi-purpose events facility, and completion of the related site improvements to include a parking lot and access road.

The proposed multi-purpose events facility is a large open space facility that will serve as the center of a sporting complex located near the current soccer fields. The building will be designed to accommodate a number of school related activities including ice hockey and indoor practice for soccer, softball, baseball, track, and tennis. The restroom, concession and changing areas will be designed to service the surrounding outdoor events including soccer games, softball games, tennis matches, and cross country meets. The facility is also expected to function as a community events center with the ability to host a wide range of activities and events.

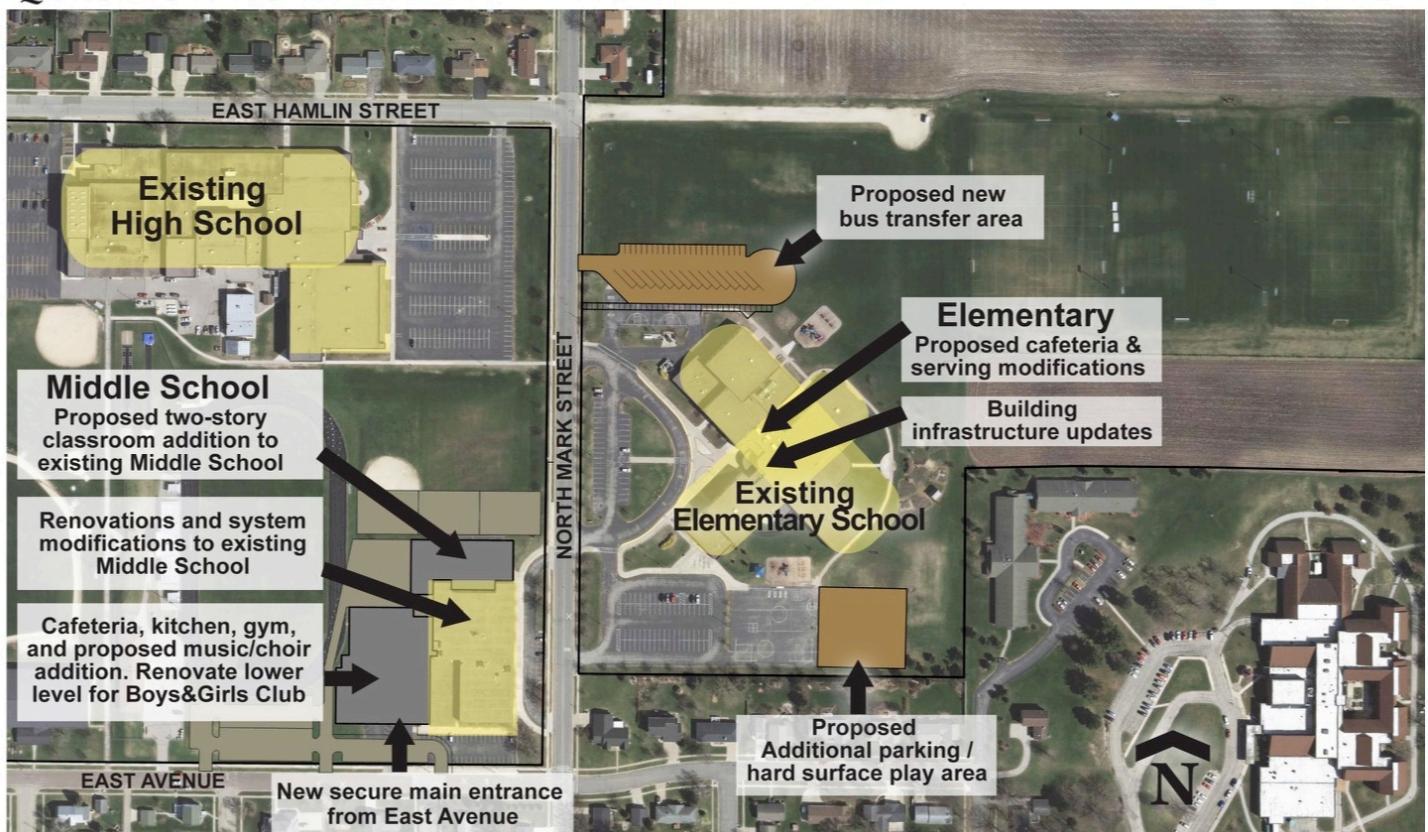

The school board will consult with their financial advisor from RW Baird to finalize referendum financing and property tax impact at the school board meeting on September 12th.

## QUESTION NUMBER I

## QUESTION NUMBER II

# Welcome Back!

*Have a happy and healthy school year!*

## New Staff Bios

*Please give a warm welcome to our new staff members! Here are a few fresh faces at West Salem:*

### **Maria Swanke: 4K**

I grew up in Edina, Minnesota (a suburb of Minneapolis), and went to UW - Madison. I was admitted into UW-Madison's Early Childhood Education and ESL program, and enjoyed my practicum and student teaching experiences in the Madison Metropolitan School District. I graduated this past May. I decided to move to La Crosse after graduation and was super excited to have the opportunity to teach 4K in West Salem. My hobbies include dancing (I did ballet for 16 years), running, reading and yoga.

### **Mark Byom: High School Science**

My name is Mark Byom, and I am very excited to be joining the West Salem School District! I grew up in Holmen, Wisconsin and after graduating high school attended UW-La Crosse. At UWL, I earned degrees in Education and Broadfield Science. I later received a Master's degree from UWL. I spent 14 years at Sparta High School as a science teacher, football coach, and strength/speed coordinator. At WSHS I will be teaching Chemistry and Physical Science. My family includes my wife who is a teacher in the Onalaska School District and three children. We live in West Salem and are looking forward to becoming a part of this great community!

### **Darren Fruit: High School Science**

I was born and raised in Richland Center, Wisconsin. While in high school I competed in soccer and baseball, and I participated in Key Club, National Honor Society, Future Business Leaders of America, and Investment Club. After high school I attended UW-Platteville for a Business Administration degree. Following one semester and some discussion with my high school teachers (especially the math department), I made the decision to switch my major to Mathematics Secondary Education..... and never looked back! I graduated in December of 2015, and I couldn't be more excited to be a West Salem Panther! I have had the opportunity to work in some great schools during my pre-service and substitute teaching, and I am excited to bring those experiences to West Salem High School. While I'm not at school I enjoy everything outdoors, especially fishing and kayaking. I am also an avid sports fan, who enjoys watching, talking, and playing nearly every sport.

**Kevin Anderson: Middle School Special Education**

I grew up in La Crosse, WI and I am a 1998 graduate of Logan High School. I attended UW-La Crosse and graduated with a degree in Physical Education. After working outside the educational field for a while, I began working as a Teacher Assistant (Para) at La Crosse Logan High School in 2009. In 2015, I made the decision to go back to school and earn my Cross-Categorical Special Education License, which I completed this past spring. I am incredibly excited to be joining the West Salem Family and look forward to meeting tons of new people in the coming weeks! If you see me around, please say HI!

My hobbies include coaching (football), hunting, fishing, shooting, and spending time with my fiancée Jennifer and our 3 1/2 month old Rottweiler puppy Bosworth (thank you Schombergs!).

**Andrea Alvin: Elementary Special Education**

Welcome students and families! My name is Andrea Alvin and I will be working at West Salem Elementary School as a Special Education teacher. I have recently completed my Cross-Categorical Special Education certification through Viterbo University in La Crosse, Wisconsin. My previous professional and educational experiences include working as a writing instructor at Michigan Technological University, acting as an adult literacy tutor, and working with English Language Learners.

My husband, Lucas, 19 month-old son, Harrison, and rambunctious Pomeranian puppy, Leonard and I live in Onalaska and have recently bought our first home. My hobbies include drawing, painting, crocheting, swimming and "actively supporting" the Packers!

This year I am looking forward to working with you and your child as I begin my first year in the West Salem School District. I anticipate that we will have many wonderful experiences and opportunities to learn and grow in the days ahead.

**Elisabeth Grams: Grade 2**

My name is Elisabeth Grams, and I am joining the team at West Salem Elementary School. I grew up in Coon Valley and graduated from Luther High School. I attended Winona State University and then transferred to Viterbo University where I graduated with a bachelor's degree in elementary education and a minor in early childhood education. I previously taught in the Sparta school district. I'm married to my high school sweetheart, Bryce, and we have two boys together- Ethan (2) and Aiden (9 months). We live on the south side of La Crosse and enjoy walking around the beautiful trails and parks in the area. I really enjoy reading, traveling, watching HGTV, bike riding and swimming. I'm so excited to start the year as a Panther!

**Take a Moment  
To Nominate a Teacher!**

Each year, Senator Herb Kohl generously acknowledges the efforts of 100 of the finest classroom educators in Wisconsin, naming them recipients of a Kohl Teacher Fellowship. The teachers and their schools each receive \$3,000, which they almost always use to improve teaching and learning. One cannot help but be impressed with the depth of the teachers' commitment and the breadth of their creativity. Parents and students alike attest to the influence these teachers have not only in the classroom, but also in the community.

Before the memory of great teachers can fade in the summer sun, please take a moment to nominate a super teacher for a Kohl Fellowship. The only way a teacher can be considered for this honor is to be nominated. While nomination forms will be sent to all schools in the fall, you can submit a nomination on line at any time during the year. Completing the form takes less than five minutes. To access a Kohl Teacher Fellowship nomination form, go to [www.kohleducation.org](http://www.kohleducation.org).

Outstanding pre-K through grade 12 Wisconsin teachers may be nominated for the Herb Kohl Fellowship. The completed public school teacher nomination form deadline is September 23—nominations sent via US Mail must be postmarked no later than that date.

## **ANNUAL NOTICES**

At the beginning of each school year, school districts are required to provide certain annual notices. These are as follows:

### **Student Records**

Copies of the Board's student records policy may be obtained from the district administrator's office; parents and eligible students have a right to inspect and review student's records, request the amendment of the student's records to ensure that they are not inaccurate, misleading or otherwise in violation of the student's privacy, consent to disclosures of personally identifiable information contained in the student's records except to the extent that federal and state law authorize disclosure without consent; and complaints regarding confidentiality may be filed at the district administrator's office. Directory information maintained by the district includes student's name, address, date of birth, major field of study, participation in officially recognized activities in sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous school attended. This information may be made public unless the student's parent or guardian denies release of the information. Parent or guardian has 14 days after receipt of this newsletter to inform the school that all or any part of the directory data may not be released without the prior consent of the parent/guardian, and allow 14 days for the parent, guardian or guardian ad litem of that student to inform the school that all or any part of the directory data may not be released without the prior consent of the parent, legal guardian or guardian ad litem. (FERPA)

### **Student Attendance**

All students enrolled in the district are provided a copy of the district attendance policy in the student handbook. This policy may also be obtained at the district office.

Section 118.5(1) (d) of the Wisconsin Compulsory School Attendance Statute permits a child's parent or guardian to request the school board to provide the child with program or curriculum modification. This might be requested in the case of repetitive attendance problems.

### **Audio-visual recording**

During the course of the year we have newspaper and TV coverage of student activities. We also use a video camera and still camera for recording music programs, plays, special classroom projects, and other school activities. All students may be included unless a student's parent or guardian notifies the district not to include the student.

### **School Religious Accommodations**

School districts are required to annually provide written notification to all students, the parent or guardian of minor students and instructors of the district's policies providing for the reasonable accommodation of a student's sincerely held religious beliefs with regard to examinations and other academic requirements. The notice must also include the process for receiving and resolving complaints.

### **Drug Free Schools**

Students, parents and employees are required to comply with the prohibition of tobacco, alcohol or other drug use in all school buildings, vehicles and on all properties belonging to the School District of West Salem. Sanctions regarding this prohibition are included in School District Policy. The policy is available through the District Administrator's office.

### **Two-way Communication Devices**

See Board Policy #443.3 Use of Two-Way Communication Devices, which is available on the district's website.

### **Public Notice**

In accordance with the Individuals with Disabilities Education Act (IDEA), the West Salem School District will screen any child ages 3 to 21 suspected of having a handicapping condition. This will be done upon request. Specific groups of students to be screened include—

1. Children entering the public school for the first time.
2. Transfer students new to the school district.
3. Students currently enrolled in public or private schools within the district.
4. Children below school age (birth-5 population).
5. Children 16 through 21 who are potential dropouts.
6. School age children eligible to attend school but who are not.

To refer a child for screening, please write to the Pupil Services Office, 405 East Hamlin Street, West Salem, WI 54669, or call a 786-1064.

### **Prohibition of Tobacco**

Senate Bill 142, 1989 WI Act 209Tobacco products are prohibited in all school buildings, vehicles and on all properties belonging to the School District of West Salem effective September 1, 1990. Your cooperation will be appreciated.

### **Compulsory School Attendance Statutes**

Compulsory school attendance statutes require: (1) All students to attend school until age 18. (2) Students and parents may request the school board to provide the student with program and curriculum modifications. (3) The responsibilities of school attendance officers are more clearly outlined and include the mandatory notification of parents regarding truancy no later than the end of the next day in which school is in session.

### **Student Harassment**

The District has in effect a Harassment and Bullying policy (#111). The School Board will not tolerate any conduct that fails to comply with the letter and spirit of those guidelines. Disciplinary measures up to and including suspension or expulsion of students from school or up to and including discharge of employees or volunteers may be imposed for a violation of this policy.

### **Public Notification of Nondiscrimination Policy**

It is the policy of the School District that no person be denied admission to any public school in this district or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil service, recreational or other program or activity because of the person's sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap as required by section 118.13, Wis. Stats. This policy also prohibits discrimination as defined by Title IX of the Education Amendments of 1972 (sex), title

VI of the Civil Rights Act of 1964 (race, color, national origin), Section 504 of the Rehabilitation Act of 1973 (handicap), and Americans with Disabilities Act of 1990 (disability) and PI 9.05 of the Wisconsin Administrative Code.

The District shall provide appropriate educational services or programs for students who have been identified as having a handicap or disability, regardless of the nature or severity of the handicap or disability. The District shall also provide for the reasonable accommodation of a student's sincerely held religious beliefs with regard to examinations and other academic requirements. Requests for religious accommodations shall be made in writing and approved by the building principal.

The School District encourages informal resolution of complaints under this policy. A formal complaint resolution procedure is available, however, to address allegations of violations of the student nondiscrimination policy in the School District.

Any questions concerning this policy should be directed to: Eric Jensen, Director of Special Education/school psychologist 405 East Hamlin Street, West Salem, WI 54669

All career and technical education (CTE) courses and programs are offered without discrimination. For a summary of courses, please contact your school counselor.

### **Asbestos Notification**

In compliance with the U.S. Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the School District of West Salem has an Asbestos Management Plan in each school administrative office. The plans are available for inspection by the public, parents, and district employees. The district performs six month periodic surveillance of asbestos in April and October and full re-inspections every three years. For more information please contact the district office.

The building inspection findings and management plan are available to review during regular business hours (7:30 a.m. to 3:30 p.m.) at the location listed above by appointment only. Appointments must be made with the Asbestos Program Manager at least one working day in advance. Any request to view the plan will be honored within five (5) working days after such a request.

### **Human Growth and Development Instruction**

The Board believes that health education, consistent with state law, should include, but not necessarily be limited to instruction about controlled substances, tobacco, alcohol, mental health, sexually transmitted diseases, human growth and development and related health and safety topics. The Board believes that health education increases student knowledge, improves judgments, develops constructive attitudes, and increases the capacity to make wise decisions.

The health education program shall begin during the elementary grades and continue with a planned sequence of instruction throughout the school experience of the student. The program shall be focused on findings of medical and psychiatric research and clinical experiences as well as legal implications. Without basic facts from these professions, no health education program can be effective.

Consistent with state law, health information concerning drug abuse and sexually transmitted diseases shall be a required part of the total health program. These areas of concern shall not represent the total program nor detract from it, but shall be recognized in the broader context of health education.

The health education program shall give particular emphasis to any health problem that is prevalent in the state, community or in a particular school.

The Board shall provide up-to-date materials and resources for effective instructional programming in this important area.

No student may be required to take instruction in these subjects if his/her parent/guardian files a written objection.

### **Meningococcal Disease**

Meningococcal disease is a serious illness caused by a bacteria. It is a leading cause of bacterial meningitis in children 2-18 years of age in the United States. Meningitis is an infection of fluid surrounding the brain and the spinal cord. Meningococcal disease also causes blood infections.

Meningococcal disease is often misdiagnosed as something less serious because early symptoms are similar to common viral illnesses. Symptoms of meningococcal disease may include high fever, severe headache, stiff neck, nausea, vomiting, sensitivity to light, confusion, exhaustion, and/or a rash. Meningococcal disease is spread through direct contact with respiratory and/or oral secretions from infected persons (for example, kissing or sharing drinking containers.) It can develop and spread quickly throughout the body, so early diagnosis and treatment are very important. Even with immediate treatment, the disease can kill an otherwise healthy young person within hours of first symptoms. Of those who survive, up to 20 percent may endure permanent disabilities, including brain damage, deafness, and limb amputations.

## SCHOOL DISTRICT OF WEST SALEM

Anyone can get meningococcal disease, but it is most common in infants less than one year of age and people with certain medical conditions, such as lack of a spleen. College freshmen who live in dormitories have an increased risk of getting meningococcal disease.

A meningococcal vaccine is available for use among persons ages 11 to 55 years, which provides protection against four of the five types of bacteria that cause Meningococcal disease. Many parents are unaware of the dangers the disease poses to their children and that a vaccine is available that may help to prevent up to 83 percent of cases among teens and college students. Immunization is the most effective way to prevent this very serious disease. The Centers for Disease Control and Prevention (CDC) and other leading medical organizations recommend routine Meningococcal immunization for adolescents during the preadolescent doctor's visit (11- to 12-year-olds), adolescents at high school entry (15-year-olds), if they have not previously been immunized, and for college freshmen living in dormitories. It is suggested that you contact your child's health care provider to help you decide if your child should receive this vaccination.

For more information regarding this disease and the availability, effectiveness, and risks of vaccinations against the disease, please contact the school nurse at 608-786-1662, Ext. 3103, or visit the following websites: [www.cdc.gov](http://www.cdc.gov), [www.musa.org](http://www.musa.org), or [www.nmaus.org](http://www.nmaus.org).

### Bilingual-Bicultural Education Program

The School District of West Salem has established a Bilingual/English as a second language (ELL) program to assist children who are English language learners, with learning English and succeeding academically within the school district. Children who are eligible typically come from families where a language other than English is spoken at home or from other countries via adoption or immigration. The Bilingual/ELL program provides:

1. Instruction in reading, writing, and speaking the English language, and
2. Through the use of the native language of the limited-English proficient pupil, instruction in the subjects necessary to permit the pupil to progress effectively through the educational system. Students are identified for participation in the ELL program through the student's registration card, a Home Language Survey that indicates a language other than English is spoken at home, or a referral to ELL by school staff, parent, or guardian. Students referred for ELL are assessed by ELL certified teachers to determine if the student meets entrance criteria for the program. Written parent permission is required for admission into the ELL program.

### Immunizations

The importance of continued immunizations between ages 11 and about 21 years (adolescence) is not always recognized. Adolescents need to continue their immunization series and receive booster shots for continued protection against diseases. These vaccines are commonly recommended for adolescents between 11 and 13 years of age.

Vaccinations given during adolescence usually include:

Meningococcal vaccine. The meningococcal conjugate vaccine (MCV)-also called Menactra is recommended for all adolescents who are between ages 11 and 12. Teens who have not yet received this vaccine should get it before entering high school or by age 15, whichever comes first. The vaccine is also recommended for all college freshmen living in dormitories, although the other form of the vaccine (meningococcal polysaccharide vaccine) can be given at this time instead of Menactra if it is not available.

The older vaccine version, licensed as Menomune, is made for children who are between ages 2 and 10.

Diphtheria, tetanus, and pertussis booster. A booster immunization known as Tdap (tetanus, diphtheria, and pertussis) is usually given between 11 to 12 years of age. It is only given if it has been at least 5 years since the last DTaP (diphtheria, tetanus, and pertussis vaccine) dose was received. Two new combination booster vaccines that include pertussis are now available. Until now, combination booster immunizations given after age 6 did not include pertussis-only tetanus and diphtheria. Children entering grades 6 and above will be required to have a current Tdap booster unless they have had a tetanus booster within the last 5 years.

Chickenpox (varicella). Chickenpox immunization is recommended for teens and adults who are not already immune to the virus (if no history of chickenpox disease). Chickenpox infection can be very serious when it develops after childhood. ACIP now recommends that everyone get two shots at least 4 weeks apart. Children entering Kindergarten and grade 6 and above will be required to have 2 varicella shots unless they have had the chickenpox illness. All other students will need one shot unless they have had the chicken pox illness.

Human Papillomavirus (HPV) vaccine In June 2006, the Advisory Committee on Immunization Practices (ACIP) voted to recommend the first vaccine developed to prevent cervical cancer and other diseases in females caused by certain types of human papillomavirus (HPV). The vaccine protects against four HPV types, which together cause 70% of cervical cancers and 90% of genital warts. The HPV vaccine is recommended for 11-12 year-old girls, and can be given to girls as young as 9 and women up to age 26.

### Directory Data

Schools and school districts receiving funds under any NCLB Title program must, upon request, provide student directory data (names, addresses, telephone numbers) to military recruiters and institutions of higher education. School districts must notify parents of their right to request that this information be withheld from disclosure, and districts must comply with such requests.
