Policy 445

STUDENT QUESTIONING AND/OR REMOVAL BY NON-SCHOOL PERSONNEL

The School District of West Salem is committed to establishing a cooperative working relationship with all agencies whose representatives need or wish to question students or remove them from school. The district is also interested in ensuring that the rights of students and their parents/guardians are maintained while the student is a responsibility of the district.

Therefore, the district has established procedures, which shall be adhered to when non-school personnel question district students or remove them from school. These procedures shall be in effect during acknowledged school hours, which include those extended times for school-approved activities.
