

# 2nd Grade Learning Activities

## May

Dear Students, Parents, and Families:

As our break extends, your teacher is providing this packet of resources to continue your child's learning. We recommend that your elementary child spends approximately 1-2 hours daily on engaged learning activities, in addition to free time to play, explore, and spend time with family. The activities included in this packet are now a priority to complete in the month of May. If you have additional time, feel free to refer back to the April packet and complete any unfinished activities.

We understand that this is a difficult time for everyone as we are all trying to adjust to this new lifestyle. If the academic work and pace provided feels too stressful or hard, **please feel free to reach out to your child's teacher** and we will gladly help you find a pace that works for you. Our main priority is that the children are staying engaged in academics so they can continue to grow in this time away from school. That being said, please do what works best for your family.

Please plan times for the following activities listed in the calendar for your child and complete by the end of each week.

### READING:

- Read for 30 minutes each day, a book of your choice, OR login to a reading resource using the links included in "Online Book Resources" on the bottom of the Reading page.
- Respond to one reading prompt by discussing it with someone or by writing about it in your notebook one time each week, OR complete the fiction or nonfiction graphic organizers, OR complete a Scholastic News activity page included in this packet. (You can find more printable activity sheets on the Scholastic News website under each article if you would like.)

### LITERACY:

- Complete the **word work** activity that corresponds with each week.
- Choose one or two **writing** activities to complete each week.
- Each week, practice reading and **spelling** 4 of the sight words until you can spell them by memory. Practice until you know all of them by the end of the month.

### MATH:

- Do the daily math activities Monday through Thursday. Fridays should be less structured with work on math facts or in a math game. Plan to check off all of the required items by May 29. Choose other activities from the optional math activities as your child has time.

### OTHER: (S.T.E.M., Social Studies, PE, Art & Music)

- Choose activities from the Enrichment Activities pages for your child to explore.

Each day, check off the items on the calendar as they are completed. Initial each day when your student has completed the work. Parents, please take a picture of your child's daily log and e-mail the photo to your homeroom teacher on or before May 29.

If you have any questions, do not hesitate to reach out to your child's teachers through email. Your continued partnership is always appreciated!

**For your convenience, all of the information included in this packet is also available at [wsalem.k12.wi.us](http://wsalem.k12.wi.us)  
> Schools > Elementary School > Families > Learning Activities > 2nd Grade > May Learning Activities**

# Daily Calendar

Student Name: \_\_\_\_\_ Grade \_\_\_\_\_ Teacher \_\_\_\_\_

Each day, check off the items on the calendar as they are completed. Initial each day when your student has completed the work.

# READING

Please read for 30 minutes each day. This can be done at one time or divided into two sessions of 15 minutes each. You may choose to read a book that you have with you or use an online book using a resource below. Respond to one prompt below by discussing it with someone or by writing about it in your notebook. Please remember to check off your daily reading in the calendar.

## Fiction Response Prompts

- Complete the [story map](#) included in this packet.
- Tell or write about your favorite part of the story.
- Tell or write about a character in the story.
- Tell or write about the setting in the story.
- Tell or write about the problem in the story.
- Tell or write about the solution in the story.
- Who is the main character?
- Tell or write what happened at the beginning.
- Tell or write what happened at the end.
- Tell or write one major event from the story.
- Tell or write one key detail from the story.
- How do you know this story is fiction?
- What do you think could happen next?
- Tell or write about a connection you have to this story.
- What do you still wonder about this story?
- Why did the author choose this title?

## Nonfiction Response Prompts

- Complete a [nonfiction graphic organizer](#), included in this packet.
- Tell or write about your favorite part of the text.
- Tell or write the main topic of the text.
- Tell or write one detail the author shared about the main topic.
- Tell or write two details the author shared about the main topic.
- Tell or write something you learned.
- How do you know this text is nonfiction?
- Tell or write about a text to self connection.
- Tell or write about a text to text connection.
- What do you still wonder about this topic?
- Why did the author choose this title?

## Online Book Resources

- Scholastic Learn at Home--[www.scholastic.com/learnathome](http://www.scholastic.com/learnathome) Daily learning activities on one topic include several books to read, a related video, and a writing activity.
- BookFlix--<http://teacher.scholastic.com/products/bookflix/#/> (click login in top right)  
User: wsalem, Password: panther, Explore paired fiction and nonfiction texts.
- TrueFlix--<https://sdm-tfx.digital.scholastic.com/?authCtx=U.600107734>  
User: wsalem, Password: panther, Read or listen to a variety of nonfiction books..
- Scholastic News--<https://sn2.scholastic.com/>
  - Use password provided by classroom teacher or use code: **2ndGradeReaders!**
  - Four comprehension activities that go with Scholastic News stories are included in this packet, in the Reading Activities section titled "READ and THINK." If you'd like to use these optional activities, find the matching Scholastic issue online.
- Epic! --<https://www.getepic.com/students>
  - Teacher will provide a class code

## Word Work – Complete all during the month

Homophones are words that sound the same but are spelled differently, and they can be tricky! We will focus on some of the most common homophones this month.

\_\_\_ Word Work Activity 1: Focus on to / too / two

- Tape or staple the Word Work Activity 1 sheet on top of another sheet of paper. Cut on the lines between the words so that they can be folded back. On the paper underneath, write a sentence for each word: to, too, and two. An example is included.
- Watch the video about homophones: <https://youtu.be/nnjke7WERu0>

\_\_\_ Word Work Activity 2: Focus on there / their / they're

- Watch this song to learn about there, their, and they're: <https://youtu.be/5tK6bu37N5Q>
- Complete the Word Work Activity 2 worksheet, "Color the Homophone."

\_\_\_ Word Work Activity 3: Focus on your / you're

- This video reviews all the homophones you've learned. Pay close attention to your and you're: <https://youtu.be/7911KEv-TI4>
- Complete the Word Work Activity 3 worksheet

Practice spelling the sight words for this month. Please choose 3-4 per week for your child to practice until they have them committed to memory. Here are a few ideas for practicing:

- Say each letter while marching in place or doing jumping jacks.
- Form the word with letter cards or magnets. Remove one letter at a time, spelling the word each time, until there are no letters left and you are spelling from memory.
- Rainbow write the words in notebooks or other paper! (Spell the words using different colors!)
- Creative write the words in notebooks or other paper! (Spell the words by using fun letters!)
- Say the letters in chunks to practice saying them (wr ... ite)

New sight words for May: something, thought, both, few, those, always, show, often, together

\_\_\_ I can spell the May sight words correctly from memory!

- If your child struggles spelling the words above, keep practicing to learn them by heart! Try using the strategies about to help them memorize them!
- Once your child can spell the words above by memory, practice having them spell the words we've learned earlier this year that are listed in the table below.

many	some	could	would	should	do	to	into	been
said	good	look	new	who	what	where	why	when
which	saw	here	come	were	another	has	give	these
other	only	use	work	water	because	little	people	very
does	every	word	put	write	through	know	any	own
again	while	below	also	over	different	after	place	main

# LITERACY

## Nonfiction Writing Project

Choose an animal or person you are interested in researching. Use books you may have on your topic or online resources like:

<https://site.pebblego.com/> (User Name: wsalem / Password: panther)

<https://www.ducksters.com/>

<https://kids.nationalgeographic.com/>

<https://www.kidtopia.info/>

Use one of the graphic organizers to record your facts! Try to fill up your graphic organizer with as many facts as you can! When finished, you can use the writing template to write an informative paper about your topic!

Try to include:

- 1) A topic sentence: Example: I know a lot about tigers!
- 2) 5 or more of your favorite facts!
- 3) A closing sentence: Example: These are the facts I know about tigers!

Remember to check for capital letters, punctuation, spelling, and neat handwriting!

## Optional Writing Prompts

Complete some of these writing activities, taking 1-2 days to complete each one.

- **Kindness Counts.** Write about a time that someone did something kind for you. What did they do and how did it make you feel?
- **Special Day.** Describe a special day that you and your family shared. What made it so memorable?
- **Happy Memories.** Write a story about one of your happiest memories.
- **Seasonal Fun.** Pick a season, like summer or fall, and describe your favorite activity during that season.
- **Switch-a-roo.** Describe what it would be like to switch lives with anyone in the world for a day. Who would it be and what would you do?
- **Fly-on-the-wall.** You wake up and discover that you're a fly for the day. What do you do?
- **Wild and Wacky.** Imagine your class is on a field trip to the zoo and one of the animals starts talking to you. What does he tell you?
- **Exotic Pets.** If you could choose any wild animal for a pet, what would you choose and why?
- **Favorite subject.** Which school subject is your favorite and why?
- **Yucky or Yummy.** Write about a food that you like but most people don't. Why should people give it a chance?
- **Where in the World?** Choose a state or country to research. Include 3-5 facts about the place in your report.
- **Desert Dwellers.** Pick an animal that lives in the desert and write 3-5 interesting facts about it.
- **What's the Difference?** Choose two similar animals, such as a horse and a mule, a crocodile and an alligator, or a leopard and a cheetah. Explain how to tell them apart.

# MATH

Check off each item as your child completes it. Please plan to complete all of the activities in the top section and to do additional optional activities from the bottom section as your child has time.

## Expected Math Activities--Complete all

- Addition Mystery Phrase #1
- Subtraction Mystery Phrase #1
- Addition Mystery Phrase #2
- Subtraction Mystery Phrase #2
- Addition Mystery Phrase #3
- Subtraction Mystery Phrase #3
  
- Telling Time Practice (2 sheets)
- Coloring Sums and Difference (Bird sheet)
  
- Guide to Arrays (Poster to explain new vocabulary: "array," "column," etc.)
- Cookie Array & Garden Array
- What's Missing?
- Spin It!
- All Star Arrays (2 sheets)
- Practice Number Sense (2 sheets)
- Counting Coins Practice (poster + activity)
- End of the Year MATH TEST (Cumulative, testing all 2nd Grade skills)

## Optional Math Activities

**EXTENSION ACTIVITIES for extra challenge** are all marked in the corner with a STAR! Connect Four, Baking Up Arrays, 3-digit subtraction clipboard, Subtraction Phrase Mystery #4, Weird/Random Mystery Facts (1-5), Lego Arrays, Tic-Tac Arrays, and lastly, a 2- Minute Addition/Subtraction Timed Test for May.

- **Prodigy**  
Games for students to practice math  
<https://www.prodigygame.com>
- **Math Before Bedtime**  
Awesome resource with images, patterns, and puzzles that you can discuss  
<http://mathbeforebed.com>
- **Cook/Bake Together**  
Practice measuring by cooking/ baking a recipe together with a family member.
- **"Grocery Shopping"**  
Choose several food items you have in your house and determine a price for each one. Let your child use a handful of coins to figure out all the different combinations of coins that could pay for that item. For example, if an apple cost 58 cents, how many different ways could you pay for it in coins?
- **Khan Academy**  
<https://www.khanacademy.org>
- **BrainPop Jr.**  
<https://jr.brainpop.com/> **Login: wsalem and password panther**  
There is videos on Arrays, repeated addition and simple Multiplication. There are under Math and then go to multiplication and division.

# Science & Social Studies Activities

## S.T.E.M. Activities

**Mystery Science** has a FREE membership until June 2021. All an adult needs to do is enter an email address, create a password, say you're a parent, and enter your child's age. Click the link to set it up and start the 5 plant based mysteries.

<https://mysteryscience.com/plants/plant-adaptations> (Write down your password, so you don't forget :)

### Plant Parts and the Jobs They Do

- \_\_\_ Watch [https://youtu.be/ql6OL7\\_qFgU](https://youtu.be/ql6OL7_qFgU)
- \_\_\_ Plant Parts & Needs sort
- \_\_\_ Build your vocabulary: Plant Word Search
- \_\_\_ Read, fill in, color, and put together the Plant Functions Booklet
- \_\_\_ Using found or recycled materials at home create your own plant art and label each part of the plant.
- \_\_\_ Make a yummy snack out of all the plant parts!
- \_\_\_ Watch, sing, and dance along to this catchy song about how plants EAT! <https://youtu.be/xuivYRmlACM>
- \_\_\_ How are seeds made? Watch [https://youtu.be/zy3r1zIC\\_IU](https://youtu.be/zy3r1zIC_IU)
- \_\_\_ Explore the area around your house. Using a notebook record all the different types of plants and trees you see. Draw a picture of one plant or tree you see and label the different parts. What does this plant need to survive?
- \_\_\_ Get your hands in some dirt! Try to find a dandelion and pull it up by its roots. Now try to find some "crab or quackgrass" and pull it up by its roots. Compare what's the same and different. Is it a taproot: one main root with little hairs/fibers, Or a fibrous root: lots of hairy like roots. Now, help out in a garden or flower bed pulling up those weeds!
- \_\_\_ Think about plants/trees a student living in Arizona or Florida might see in their yards. Write or draw what you imagine they would see. Think about this: Do all plants have the same needs? Why do different areas of the world have different plants?

### Keep a journal of your science experiments. Record your predictions (hypothesis) and observations like a scientist would!

- \_\_\_ Wet a few squares of paper towel and put it in a plastic zip lock bag. Place a lima bean on the paper towel in the bag. Tape the bag on a sunny window and watch what happens over the next few days. This is called germinating.
- \_\_\_ Plant two seeds in a small container and put one in a sunny window and the other in a dark space. Water them each the same for a week or longer. Make a prediction and see what happens.
- \_\_\_ Plant two seeds in a small container and place both in sunny window. Only give one container water for a week or two. Make a prediction. See what happens.
- \_\_\_ Put some water and dark food coloring in a jar. Put a stalk of celery in the colored water. Let it sit for a day. Observe what happened. Cut a slice of celery off and look at it closely. What do you notice? What part the plant is the celery?
- \_\_\_ Soak a lima bean in water for a few hours. Using a butter knife, carefully open or split the seed to see what is inside.
- \_\_\_ Design your own seed/plant experiment. Write about the plan, make a prediction, record your observations, and share results.

### \_\_\_ Seed Study: How Do Seeds Travel? Watch these 4 video clips and then try to build seed models.

- <https://youtu.be/7UTWWhFhMFc>
- <https://youtu.be/8ZLv3xAjH3Q>
- <https://youtu.be/slUkyA2cy60>
- <https://youtu.be/r4urT74yq6c>

Use materials you find around your home to design and test seed models. How could you get a seed to float, attach to a piece of fabric (animal), fly or float? Use a bean or small chunk of playdoh as your seed! Take a picture or video of you testing your seed models. Click here for the FULL lesson <https://www.plt.org/stem-strategies/have-seeds-will-travel/>

\*\*\*EXTRA Exploratory Science: Rock Video by Mrs Jones: <https://youtu.be/5oXt-ztyCaE>

## Social Studies Activities--continue from May

### What is a community? (Could be completed in May)

- \_\_\_ Urban, suburban, rural: <https://youtu.be/YRxnQPMj1-8>
- \_\_\_ Community Helpers on: [jr.brainpop.com](http://jr.brainpop.com) (login: Wsalem / Password: panther) search Community Helpers
- \_\_\_ West Salem History: <http://www.westsalemwi.com/west-salem-history/>

\*Tour West Salem and see if you can find Hamlin Garland's house and Thomas Leonard's last house he lived in before he died. Talk about the fire in 1911. Also find the Octagon House across from Our Savior's Church. It used to be over by Lake Neshonoc and was moved on logs to its current location. It took 3 weeks for the house to be moved and the family lived in it during the time of the move!

### Economics

- \_\_\_ If you go to BrainPop Junior from the link above and search "ECONOMY," you can watch all 3 videos entitled: "Needs & Wants," "Goods & Services," and "Saving & Spending."
- \_\_\_ Read the book included with the packet, *It's a Habit, Sammy Rabbit* by Renick & Bodnar (Generously donated by Union State Bank, in West Salem!
- \_\_\_ Watch this video <https://youtu.be/A2G4HT72FCQ> to goes with the book.

# MAPL (Music, Art, PE, LMC) Activities

Choose one or more of these activities to complete as it fits into your schedule. Choose from a variety of different areas to get a variety of different experiences.

## Music Activities from Mrs. Jones & Mrs. Martin

- \_\_\_ Sing along to a favorite song!
- \_\_\_ Watch the LaCrosse Symphony: <https://www.lacrossesymphony.org/la-crosse-arts-online-symphony-online/>
- \_\_\_ Find a "Family Who" activity: [https://drive.google.com/open?id=1Pw5AUhWuHLqjxy\\_1KVNtnWrgShq0RBme](https://drive.google.com/open?id=1Pw5AUhWuHLqjxy_1KVNtnWrgShq0RBme)
- \_\_\_ Watch The Masked Singer or American Idol and talk about what you observe in the performances.
- \_\_\_ Try the rhythm or songmaker game on: <https://musiclab.chromeexperiments.com/Experiments>

## Art Ideas from Ms. Lotspaih & Mrs. Finch

- \_\_\_ Create a picture using different colored clothing laid out on a flat surface. Can you make a sunset or a mountain? What about trees?
- \_\_\_ After you create a picture with your clothes, put them away and arrange clothes in a closet or dresser in rainbow order.
- \_\_\_ Draw a Still Life. Find a plant inside or outside to draw. Using a material of your choice, draw what you see. Start by drawing the large shapes then the details.
- \_\_\_ Create any drawing of your choice, but only finish ½ of it ... then find a family member to finish the other half of it. Once it is complete, discuss the differences between both of your drawings!
- \_\_\_ Come up with your own invention. Try to make it from household supplies.

## Physical Education with Mrs. Meyers, Mr. Merrill & Ms. Tischler

\*Click on this link for our **MAY PE CHOICE BOARD**, which offers a variety of ways to be active! We hope you have fun!! <https://drive.google.com/file/d/1KJTc90S7g6YqvQRhcli8srcqsoPuo7yg/view?usp=sharing>

\***NATIONAL FIELD DAY**, Friday May 8th, 2020! Watch for more information on this exciting event or click on the links included in the choice board!

\***SHARE WITH US!!** We would love to hear from you about the ways you are staying active at home! Click on this link to fill out a short form! <https://forms.gle/7iEBr1LucRWByPFM9>

## LMC/Tech Activities from Mrs. Hundt & Mrs. Mead

\***LMC - LMC Choice Board!** Pick and choose from the links on the LMC Choice Board.  
<https://drive.google.com/file/d/1XuEjqeS1NQPE-w06-cqTA765S7pfBu3C/view?usp=sharing>

- If you do not have internet connection, pick and choose from the Library Bingo Sheet included in this packet.

\***Technology - Tech Choice Board!** Pick and choose from the links on the K-2 Tech Choice Board:  
[https://drive.google.com/file/d/11LZEDTGbQrf0EFWXMkd\\_nz8t34HPm8pl/view?usp=sharing](https://drive.google.com/file/d/11LZEDTGbQrf0EFWXMkd_nz8t34HPm8pl/view?usp=sharing)

# Tech Choice Board

Here are some fun technology choices to do at home.

Check out these drawing websites:

- [Scribbles and Ink](#)
- [Sand Art Spectacular](#)

Check out the new coding sites bookmarked on "[Mrs. Mead's Technology Links](#)"

## Dance Party:

Create a dance to your favorite Song. Teach your dance to a family member.

Check out this app!

**ChatterPix Kids** - an app that allows you to make anything talk!

## STEM Challenge #1:

Using only toothpicks or spaghetti and marshmallows...

Build a structure that can support a book for 10 seconds

Practice your keyboarding skills using "[Mrs. Mead's Technology Links](#)"

Check out this app!

**Hello Crayons**- an easy and fun drawing app for kids using crayons & markers

## STEM Challenge #2:

Using paper cups (or playing cards)...

Challenge a family member to create the tallest tower!

## Using ABCya:

- Create a [word Cloud](#)
- Create a [word Search](#)
- Create a [Story](#)

# *Reading Activities*

# FICTION STORY MAP

Characters	Setting
Title: <hr/>	
Problem	Solution

3,2,1

## My Nonfiction Notes

Title of the text: \_\_\_\_\_ Author: \_\_\_\_\_

Three facts that I learned while I was reading:

1.

2.

3.

Two questions that I have for the author:

1.

2.

One thing that I thought was the most interesting:

1.

My name: \_\_\_\_\_ Date: \_\_\_\_\_

**Name:** \_\_\_\_\_

## Read and Think

Read your issue of *Scholastic News*.

As you read, stop and answer the questions below.

1. Start reading the article. **STOP** at "Winter in a Tree."

Why do monarch butterflies have to migrate in the autumn?

---

---

2. Read "Winter in a Tree." Then **STOP**.

Where do the monarchs rest during the winter?

---

---

3. Read "Flying North." Then **STOP**.

What makes milkweed plants a good place for monarchs to lay eggs?

(Hint: What happens when the eggs hatch?)

---

---

4. Where do the adult butterflies spend their summers?

---

---

Name: \_\_\_\_\_

## Read and Think

Read your issue of *Scholastic News*.

As you read, answer the questions below.

1. Read "Mix It, Heat It." Then **STOP**.

What are the four main ingredients workers pour into the big mixer?

---

2. Read "Stir It, Cool It." Then **STOP**.

What happens in the ice cream maker?

---

---

3. Read "Add Mix-Ins." Then **STOP**.

What are two mix-ins you could add into an ice cream mixture?

---

4. Read "Pump It Out." Then **STOP**.

What do workers pump the ice cream into?

---

---

5. Read the sidebar called "Yum!" Then **STOP**.

What is one ice cream flavor you can get at Ample Hills?

---

Name: \_\_\_\_\_

## Read and Think

Read your issue of *Scholastic News*.

As you read, answer the questions below.

1. Start reading the article. **STOP** when you get to "Jumping for Exercise."  
What is one example of how you might get injured at a trampoline park?

---

---

2. Read "Jumping for Exercise." Then **STOP**.  
What is one reason Dr. Castañeda likes trampoline parks?

---

---

3. Read "Safety Rules." Then **STOP**.  
What does Dr. Castañeda say you should do BEFORE you start jumping?

---

---

4. Read "JUMP SAFE." Then **STOP**.  
What is one thing you can do to be safe at a trampoline park?

---

---

Name: \_\_\_\_\_

## Read and Think

Read your issue of *Scholastic News*.

As you read, stop and answer the questions below.

1. Start reading the article.  when you get to "Inside the Olympics."

What makes Sky unusual for an 11-year-old?

---

---

2. Read "Inside the Olympics," then .

Why would it be special for Sky to win a medal at the Olympics?

---

---

3. Read "Sky's Skills," then .

How does Sky learn new tricks?

---

---

4. Read "Sky in the Olympics," then .

What makes Sky excited about competing in the Olympics?

---

---

# Guide to Arrays

## Array

an arrangement of a set of numbers or objects in rows and columns

## Column

a vertical arrangement of numbers or objects  
(up and down)

## Row

a horizontal arrangement of numbers or objects  
(side to side)

## Repeated

## Addition

## Sentence:

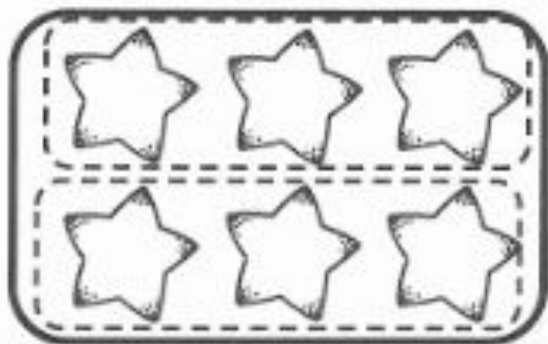

adding the same number over and over

$$4 + 4 = 8$$

# COOKIE ARRAYS

Write and solve number sentences using repeated addition to show the number of cookies on each tray.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad}$$

$$\underline{\quad}$$

Add to the cookie sheet so there are 10 cookies. Write a number sentence using repeated addition to show the number of cookies on the tray.

$$\underline{\quad}$$

oh, No! The garden monster stole fruits and vegetables from the garden. Fix the arrays by filling in the spots that are missing to make the arrays correct.

$$6 \times 6 = \underline{\quad}$$

$$9 \times 2 = \underline{\quad}$$

$$5 \times 3 = \underline{\quad}$$

$$3 \times 8 = \underline{\quad}$$

$$7 \times 8 = \underline{\quad}$$

$$2 \times 10 = \underline{\quad}$$

# WHAT'S MISSING?

Each of the arrays below is missing a row or a column. Cut out the extra pieces and glue them to the bottom or the side of the array where they belong.

$$3 + 3 + 3 = 9$$

$$6 + 6 = 12$$

$$2 + 2 + 2 + 2 = 8$$

$$4 + 4 + 4 = 12$$

$$5 + 5 + 5 + 5 + 5 = 25$$

$$3 + 3 + 3 + 3 + 3 = 15$$

©2014 Hannah Braun, The Classroom Key

Cut these pieces out:

# SPIN IT!

Use your pencil tip to hold the top of a paper clip to the center of the spinner. Flick the paperclip and see what number you land on.

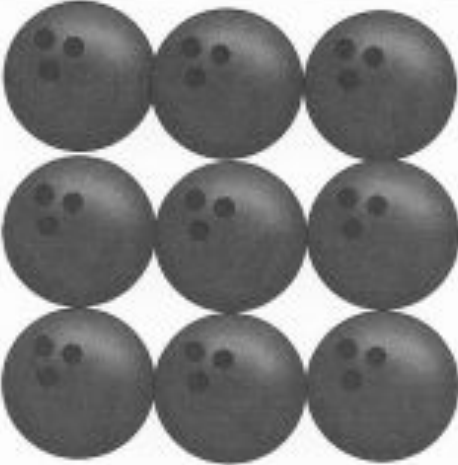

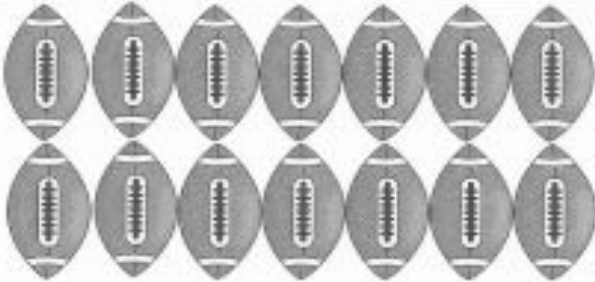

Color in a box with an array or a description of an array that would have that many parts. Keep spinning and coloring!

$3 + 3 + 3$	4 rows of 5		
2 rows of 3		$5 + 5 + 5$	
	$4+4+4+4+4$		3 rows of 3
	4 rows of 4		$3 + 3$
$2 + 2 + 2$		3 rows of 4	

## ALL STAR ARRAYS

Directions: Write two equations for each of the following arrays.

 _____ + _____ + _____ = _____	 _____ + _____ = _____ _____ + _____ + _____ = _____
 _____ + _____ + _____ + _____ + _____ = _____ _____ + _____ + _____ + _____ = _____	 _____ + _____ + _____ + _____ + _____ + _____ + _____ = _____ _____ + _____ = _____

Draw an array for the following equation and solve. Use dots to draw your arrays quickly.

$6 + 6 + 6 =$  \_\_\_\_\_

Name: \_\_\_\_\_ Date: Page 2

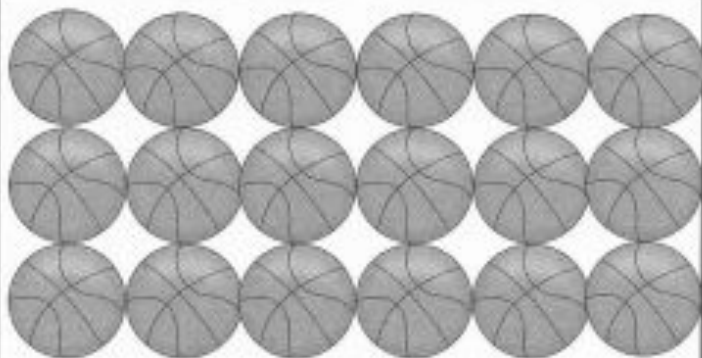

## ALL STAR ARRAYS

Directions: Write two equations for each of the following arrays.

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

Draw an array for the following equation and solve. Use dots to draw your arrays quickly.

$$5 + 5 + 5 + 5 = \underline{\quad}$$

# Lego Arrays

Name: \_\_\_\_\_

Use the Legos to create 6 different arrays. Then fill in columns below

	____ rows of ____	Repeated Addition Sentence	Multiplication Sentence
1.			
2.			
3.			
4.			
5.			
6.			

# Tic-Tac-Array

## Directions:

Play with a partner. You will need a large paperclip, a pencil (for spinning), and 2 different colored counters.

Player one spins twice and finds that array on the table below. Cover it with a counter. Next, player two spins twice and covers that array on the table. If it is already covered, you lose a turn. The first player to get a "Tic-Tac-Array" (three in a row) is the winner!

# What do the Parts of the Plant Do?

by \_\_\_\_\_

<http://worksheetplace.com>

The \_\_\_\_\_  
brings water  
and food to the  
rest of the plant.

<http://worksheetplace.com>

The \_\_\_\_\_  
absorb water  
and hold the  
plant in the soil.

<http://worksheetplace.com>

The \_\_\_\_\_  
use the sun and  
air to make  
food for the

<http://worksheetplace.com>

The \_\_\_\_\_  
makes seeds  
and fruit.

<http://worksheetplace.com>

A Botanist is  
somebody who  
studies plants!
