## **Asbestos Management Plan**

In compliance with the U.S. Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the School District of West Salem has an Asbestos Management Plan in each school administrative office. The plans are available for inspection by the public, parents, and district employees. The district performs six month periodic surveillance of asbestos in April and October and full reinspections every three years. For more information please contact the district office.

The building inspection findings and management plan are available to review during regular business hours (7:30 a.m. to 3:30 p.m.) at the location listed above by appointment only. Appointments must be made with the Asbestos Program Manager at least one working day in advance. Any request to view the plan will be honored within five (5) working days after such a request.
