- (3) Maximum Action: Expulsion

ATTENDANCE PROCEDURES AND POLICIES

Board Policy Reference: po5200, po5223

Legal Reference: WI Statutes 118.15, 118.15(3), 118.15(3)(c), 118.16, 118.16(1)(c), 118.16(2)

General Information:

All students are to be in attendance every hour of every day that school is in session. School attendance is the responsibility of students and parents/guardians. It is the responsibility of the parent/guardian to telephone the high school office at 786-1220 on the day of the absence relative to the reason for the absence. Any absence not cleared up within one day of a student's return to school will be considered unexcused.

According to Wisconsin Statute 118.16(2), it is the responsibility of the school attendance officer, not the parent, to determine whether an absence will be considered excused or unexcused. Also, in accordance with Wisconsin Statute 118.16(4), it is the school board's responsibility to set the guidelines for this determination. The West Salem Board of Education has determined that the following reasons for absence will be considered excused:

- a) Illness on the part of the student;
- b) Serious illness or death in the immediate family;
- c) Medical or dental visits;
- d) Special circumstances (e.g. college visits, job shadows, family vacations) provided notification is given in advance of the absence as per Wisconsin Statute 118.15 (3)(c);
- e) Emergency situations within the family.

Students will be allowed the equivalent of 10 full days, which is equal to 80 class periods, to be absent from school during the school year as outlined above. The following absences will **not** be counted towards the 10 full day allowed absences:

- a) Hospitalization (note required from doctor/medical practitioner);
- b) Doctor's orders to not attend school (note is required from doctor/medical practitioner);
- c) School-sponsored field trips and activities;
- d) Religious observance (note must be received by the office prior to the absence);
- e) Legal appointments (note required from clerk of court, lawyer, social worker, etc);
- f) Medical or dental appointments - note is required from doctor/medical practitioner upon the student's return from the appointment - if no verification is received the time missed will count toward their 10 full days. **Students are only excused for the time of the appointment and travel time.**

Once a student exceeds the equivalent of 10 days of absence, any further non-school related absences may be recorded as unexcused for the remainder of the school year unless one of the following conditions are met:

- a) The student has doctor's orders to not attend school (note is required from doctor/medical practitioner);
- b) The student's medical/dental/legal appointments are verified by the practitioner;
- c) The school nurse determines the student is too ill to be in school.

Parent(s)/guardian(s) may be notified in writing when a student has reached the 10-day limit and informed that further absences may be unexcused unless the absence is the result of any of the reasons previously outlined.

Truancy (Unexcused Absences):

Board Policy Reference: po5200

Legal Reference: WI Statutes 118.15, 118.16(1)(c)

All other absences that do not fall within the guidelines stated above are considered to be unexcused and/or instances of truancy. Truancy is defined as any absence of part or all of one or more school days during which the school has not been notified of the legal cause of such absence by the parent/guardian of the absent student, and also means intermittent attendance carried on for the purpose of defeating the intent of the compulsory attendance law. Parents/guardians will be notified when a student has an unexcused absence. Notices shall be made by personal contact, mail or telephone of which a written record is kept. Some common examples of absences that will be considered truanies: leaving the building without checking out, skipping classes, over sleeping, etc. If a student is in the school building, but not where they are supposed to be, the student is considered unexcused and will receive consequences.

Consequences for Truancy and Unexcused Absences:

Board Policy Reference: po5200, po5500

Note: It should be noted that implicit in the definitions of unexcused and truant is the understanding that while all truanies are unexcused absences, not all unexcused absences are truanies. The principal or designee will determine on an individual basis whether an unexcused absence is to be regarded as truancy.

Simple Truancy/Habitual Truancy:

- a) Parents will be contacted by phone and/or letter following each instance of truancy.
- b) Upon a third instance of truancy, a meeting with the student and his/her parent[s] may be scheduled by the high school office. Should it be found the student was indeed truant a third time, a request may be made by building administration to local law enforcement for the issuance of a truancy ticket.
- c) Upon a fifth instance of truancy, habitual truancy may be filed, which could result in a referral to the school resource officer. Outcomes of this referral may result in one or more of the following:
 - a. Referral to social services;
 - b. Habitual truancy ticket;
 - c. Mandatory court appearance;
 - d. Suspension of driver's license.

Detentions:

Students who are truant/unexcused will be assigned detentions according to the following general guidelines:

- a) For 1-2 hours missed students will receive three (3) detentions;
- b) For 3-4 hours missed students will receive four (4) detentions;
- c) One detention will be added for every additional hour missed for up to 8 detentions per day;
- d) Subsequent violations may result in additional consequences and/or loss of privileges. In accordance with state law and municipal code, a truant student may receive a truancy ticket or a social services referral.

Pre-Planned Absences:

Legal Reference: WI Statute 118.15(3)(c)

All students who will miss school as a result of a family vacation or other planned event such as a college visit, job shadows, state tournaments, or hunting must be excused in writing by his/her parent or guardian a minimum of two days before the absence and complete a pre-excused pass prior to the absence. A student may not be excused for more than 10 days in a school year under this provision. Failure to follow this procedure may result in the student being considered unexcused and/or 2 detentions assigned.

Make-up Work Following an Absence:

Students with excused absences are required to turn in all assigned work due on the day of the absence upon their return. Students are allowed the number of days they were absent plus one additional day with a maximum number of five days to complete any work that was assigned while absent.

Students who are truant/unexcused will not be allowed to make-up work that has been assigned or collected on the day they were absent. Students will be allowed to make up examinations and/or projects if the denial of this opportunity would cause the average student to fail this course. A suspended student shall not be denied the opportunity to make up work assigned or due during a suspension period. Such work shall be made up within one day of the student's return to school.

Tardies:

Students are expected to arrive for each class on time. **A student who is more than 5 minutes late to a scheduled class is considered unexcused.** Students who are tardy 1st hour or tardy when returning from lunch must report to the main office and will receive noon detentions for the first five combined occurrences per quarter. Any additional tardies will result in a conference with administration to discuss further consequences. Students who are recorded as tardy for all other periods during the day will be notified by the teacher and may be assigned detentions.

West Salem High School does not recognize any type of “skip day”:

The general rule of thumb when determining if a “skip day” has occurred is the “10% rule”. The 10% rule means if 10% of the student body or a particular group or grade level are absent on a given day, all students absent on that day may be determined to be unexcused. The only students who may be excused in this case are students who produce a doctor’s note, or if the absence has been pre-approved at least two days in advance (see Pre-Planned Absences).

Attendance for Students in Athletics and Activities:

Board Policy Reference; po2431

1. Any participant who has an unexcused absence for any part of the school day shall be ineligible to practice and ineligible to compete or participate for that school day.
2. Any participant who is absent from school for any part of the day of an event shall be ineligible to compete/participate unless:
 - a) The absence was due to a school function.
 - b) Permission for the absence has been granted by the administration.
 - c) Extenuating circumstances exist. In such cases, the building principal or designee shall determine whether or not the student shall be ineligible.
- a) A participant may be gone for a medical/dental appointment, however to be eligible to participate, the appointment must be verified with a note from the doctor.
3. Pre-planned absences under Wisconsin Statutes 118.15(3) are **not** exempt from this policy.

AGE OF MAJORITY

All students at West Salem High School are subject to school rules. Students who have reached their 18th birthday are permitted to originate their own request for an absence only if they (1) are not living with their parent or guardian or (2) the parent or guardian submits a written statement to the school stating that the student is responsible for himself or herself. The school will continue parent communication unless specifically requested in writing to stop. The student is still bound by the same set of acceptable reasons as listed in the school attendance policy.

BACKPACK

Students are allowed to use a backpack during the school day, however all other personal items are to be kept in their lockers. Laptops must be kept in the protective laptop bag issued by the school district.

CELL PHONES and ELECTRONIC DEVICES

Board Policy Reference: po0100, po5136, po9151

Legal Reference: WI Statutes 175.22, 942.08, 942.09

Students may use cell phones and other electronic devices during school hours (7:50-3:10) with the following exceptions: cell phones are strictly prohibited in the locker rooms and bathrooms at all times, cell phones and other electronic devices are not to be used during instructional times without permission from the teacher. Students violating cell phone policies shall be disciplined in accordance with the established procedures as follows:

2. Second and Subsequent Offenses: Phone will be confiscated and a parent must come to the school to retrieve the phone.
3. After multiple offenses other consequences may be assigned.

Co-Curricular Eligibility and Code of Conduct

Students participating in-group I co-curricular activities shall be required to meet the following academic requirements. Advisors of group II co-curricular activities at the high school may seek Board approval to require that students participating in non-graded group II activities meet the same requirements.

I. Eligibility Requirements

A. Academic Requirements

1. A student shall be ineligible to compete/hold a leadership position/participate during the upcoming academic quarter if he/she earns a failing quarter or semester grade in any course. Fall eligibility shall be based on the fourth quarter and second semester grades of the previous high school year. Eligibility for summer activities is based upon fourth quarter and/or second semester grades.
2. Early reinstatement of eligibility lost as a result of a quarter failure will be allowed if the participant is passing all classes at the mid-quarter grading period of the ensuing quarter. Reinstatement of eligibility lost as a result of a semester failure is possible only at the end of the ensuing quarter. Although it is possible to regain eligibility at a mid-quarter grading period, ineligibility can only be a consequence of a quarter or semester failure.
3. A student who earns a failing grade for the 4th quarter will be placed on “participatory probation”; meaning that the student will be ineligible for 40% of the regularly scheduled contests or events connected to the “season” of each summer and/or fall co-curricular activity in which the student is involved. However, if the student earns a failing grade at the first mid quarter grading period of the following school year, the student will become ineligible for the remainder of the First Quarter.
4. A student who is ineligible may not suit up for games/events but they are encouraged to attend all practices/meetings. A student who is ineligible, will not be allowed to leave school early for athletic events.
5. A student's ability to leave school early for athletic contests is subject to administrative approval. A teacher will contact administration with concerns if a student is struggling in their class. If administration deems that the academic concern is great enough, they have authority to hold that student back from leaving early and traveling with the team. If the student is held back from leaving early, the district will not provide any special transportation for said student. If requested, administration can give approval for the students to travel to the contest with their parent/guardian.

B. Attendance Requirements

1. Any participant who has an unexcused absence for any part of the school day shall be ineligible to practice and ineligible to compete or participate for that school day.
2. Any participant who is absent from school for any part of the day of an event shall be ineligible to compete/participate unless:
 - a) The absence was due to a school function.
 - b) Permission for the absence has been granted by the administration.
 - c) Extenuating circumstances exist. In such cases, the building principal or designee shall determine whether or not the student shall be ineligible.
 - d) A participant may be gone for a medical/ dental appointment, however to be eligible to participate the appointment must be verified with a note from the doctor.
 - e) Any attempt to circumvent this attendance requirement may be met with an administrative consequence.
3. Pre-excused absences under Wisconsin Statutes 118.15(3) are not exempt from this policy.

C. Additional Requirements Applicable to Athletes

1. In order to participate in interscholastic athletics, a student must meet all eligibility requirements of the Wisconsin Interscholastic Athletic Association (WIAA).
2. A student may not participate in interscholastic athletics until the school has an examination/ permit card on file in its office attesting to parental permission and physical fitness as determined by a licensed physician or nurse practitioner. (It is recommended that a student also have his/her dental fitness attested to by a licensed dentist.)
3. A student may participate in one athletic activity at a time. When overlapping seasons occur, students may practice for a second activity only if and when released by the director of the original activity.

4. In order to change from one athletic activity to another, a student must have the permission of both coaches involved.
5. A student who is dropped from one athletic activity by the coach for disciplinary reasons shall be ineligible to participate in any other athletic activity at that time.

II. Code of Conduct – Alcohol, Tobacco and Other Drugs

A. Rules of Conduct

The following code is to be followed by students participating in group I cocurricular activities and students participating in the non-graded portions of group II activities. The following code shall be in effect year-round.

1. No student shall use, possess, distribute, be under the influence of, buy or transfer alcohol, illicit drugs, drugs prescribed by a licensed physician to someone other than the student, look-alike drugs, synthetic drugs or over the counter medication that is not used for its intended purpose.
2. Any student who sells alcohol, illicit drugs, drugs prescribed by a licensed physician to someone other than the student, look-alike drugs, synthetic drugs or over the counter medication for use other than its intended purpose shall be referred to the co-curricular counsel for disciplinary recommendation.
3. No student shall use or possess tobacco or synthetic tobacco products.

B. Disciplinary Action

1. First Violation - Any participant who violates this code for the first time shall:
 - a) Be suspended from all performances, competitions, and activities when the violation is confirmed by the administration or their designee. The suspension shall be in effect for 40% of the regularly scheduled events for that season. If less than 40% of the season remains, the remaining percentage will be applied to the next activity in which the student participates and completes.
 - b) Be required to attend four education sessions with the alcohol and other drug abuse (AODA) coordinator or participate in an outside AODA agency program that is approved by the AODA coordinator.
 - c) If the participant self refers within 48 hours of the offense the suspension will be reduced to 20% of the regularly scheduled events for that season.
2. Second Violation - A second violation of this code shall result in suspension from all activities for one calendar year from the date when the violation is confirmed by the administration or their designee. Any participant who self-refers within 48 hours of the offense may have their suspension reduced by 50% of that season if they are only in one sport. If the participant is in a second sport, the suspension is 50% for the first sport and 25% for the second sport. If the participant is in a third sport, the suspension is 50% of the first sport, 25% for the second sport and 10% for the third sport. To receive a reduction in suspension the participant will also be required to complete an AODA program through an outside agency which is approved through the school's AODA coordinator.
3. Third and subsequent violations - A third and subsequent violation of this code shall result in suspension from all activities for one calendar year from the date when the violation is confirmed by the administration or their designee.
4. Participants shall be required to attend rehearsals, meetings, work nights and practices during suspension periods.
5. Students shall not receive awards during a period of suspension. Awards shall be presented to the student upon completion of the suspension or graduation.
6. Disciplinary action not satisfied within the season of infraction shall continue into the next season. In order for the disciplinary action to be satisfied, the participant must finish the season in good standing.
7. A participant cannot use non-athletic co-curricular activities to satisfy eligibility requirements for athletics. Likewise, a participant cannot use athletics to satisfy eligibility requirements for non-athletic co-curricular activities.
8. When a suspension (co-curricular) results in a fraction of a game, the number shall be rounded up to the next whole number of games (i.e. 2.1 or 2.8 games equals 3 games). This is a minimum penalty and may not be reduced by any other provision of the school code. Any portion of the suspension not completed during the current season will carry over to the next sport or sport season. The minimum penalty for acts which result in a student being suspended for any portion of WIAA tournament competitions, is immediate disqualification of the student for the remainder of the total tournament series in that sport.

C. Procedures for Reporting and Appealing Determinations

1. A written report of the violation must be filed with the building principal or designee. Violation of conduct rules may be reported by the following: self, parent/guardian, law enforcement, or school employee. The suspension period begins on the day the building principal or designee confirms that the violation occurred.
2. If the participant is not satisfied with the decision rendered by the athletic director or associate principal he/she can appeal to the building principal. If the participant is not satisfied with the decision of the building principal he/she may appeal to the co-curricular council. The co-curricular council shall consist of five voting members. It shall include three head athletic coaches, one faculty member from the fine arts department and one other co-curricular activity advisor. If

the participant is not satisfied with the decision of the co-curricular council, he/she may appeal to the superintendent. If the participant is not satisfied with the decision of the superintendent, he/she may appeal to the School Board. The School Board's decision shall be final. All appeals shall be in writing and within five school days of the appeal decision.

III. Code of Conduct– Conduct Unbecoming a West Salem Participant

- A. Participants must also follow those conduct rules which are applicable to all students. Students violating such rules shall be disciplined in accordance with established procedures.
- B. Engaging in or being an accomplice of an immoral, unlawful, or generally unacceptable conduct contrary to the ideals, principles, and standards of our school or WIAA is considered a violation of the code of conduct.
- C. The co-curricular council (five voting members, three head athletic coaches, one faculty member from the fine arts department and one other co-curricular activity advisor) will be convened to determine the appropriate consequences for the behavior exhibited that was contrary to the code of conduct.
- D. Any violation of the “Code of Conduct – Conduct Unbecoming” clause is independent of any other violation of the Code of Conduct. Previous violations of the “Alcohol, Tobacco, and Drug” code and “Conduct Unbecoming” code will be taken into consideration by the co-curricular council when determining a consequence.

IV. School Equipment and Property

Learning responsibility is one of the values to be gained by participating in co-curricular activities. The proper care of school equipment and property shall be the responsibility of the student. Alternative Learning Center (ALC)

If a student is asked to leave a classroom as a result of disruptive behavior, the student is to report to the (ALC).

Purpose of the ALC:

Students are assigned to the ALC for the following purpose:

1. To reestablish the learning atmosphere which the student has disrupted.
2. To provide a setting for the student to examine which of his/her actions prompted the teacher to assign him/her to the ALC.
3. To have the student make a commitment to and a plan for correcting the inappropriate behavior.

Procedures:

1. The student will be asked to report to the ALC immediately. The staff member will call the ALC to inform the ALC teacher that the student is on his/her way. Upon arriving at the ALC, the student will be asked to commit to one of three times when the staff member is available to meet with the student: after school today, before school on the next school day, teacher prep time between now and the next time that this class meets. The staff member will indicate if he/she is unavailable for any of the three options. If so, then other arrangements must be made. The staff member will contact the parent(s) of the student before the end of the work day.
2. The student is to remain in the ALC for that period each day until the classroom teacher has met with and accepted the student's plan for improved behavior.
3. If the student does not produce an acceptable plan by the end of the second day, then the teacher will contact the principal to set up a conference with the parents.
4. Failure to report to the ALC will result in additional consequences and permanent assignment to the ALC until an **ALC Fix It Plan** is agreed upon.
5. Failure to cooperate with the ALC supervisor will result in an immediate referral to administration.
6. The ALC teacher will refer any student to administration upon that student's fourth and subsequent referral to the ALC who will schedule conferences with parents and teachers as necessary.

- d) A senior student's failure of a required course, which cannot be made up prior to the end of the year, prevents the student from participating in commencement.
- e) A student who is enrolled in a course in which the district pays tuition, who fails or withdraws after the deadline, may be responsible for reimbursing the district the entire cost of tuition for that course. LEAVING DURING THE SCHOOL DAY

The principal or designee must receive permission from a parent/guardian prior to a student leaving school. Students must check out in the main office by obtaining a blue pass and signing out in order to be granted permission to leave the building for any reason during school hours. LEGAL RIGHTS AND EXCEPTIONS

The courts repeatedly have shown that students retain their constitutional rights when they participate in school. Courts have also shown that when these rights are in question, the justification for limiting these rights lies with school officials. There are many situations when the rights of the many outweigh the rights of the individual. The courts have given school officials the power and the guidelines necessary to protect the educational process.

- I. **Right to an education:** The 10th amendment to the U.S. Constitution grants each state the power to govern education, and the 14th amendment protects the rights of all students to receive an education. The state of Wisconsin not only defends the right to an education, but demands compulsory school attendance in accordance with WI State Statute 118.15.
 - a. Attendance policy - Students must attend school. *Reference Board Policy: po5200*
 - b. Removal from school
 1. Suspension: Removal from the educational process for a limited time.
 2. Expulsion: The termination of a student's right to an education. *Reference Board Policy: po5610*
- II. **Freedom of Speech:** Students have a 1st amendment right to freedom of expression. The 7th circuit court of appeals has shown that speech may be limited within the school setting for the following 3 reasons: (1) it may cause a material or substantial disruption; (2) is pervasively vulgar; (3) or it is harmful to self or others.
 - a. Dress: Students are not allowed to wear clothing that may disrupt the educational process, or that is pervasively vulgar or that is harmful to self or others. *Reference Board Policy: po5510*
 - b. Student Publications: All student publications are subject to the approval of the instructor and the building principal. *Reference Board Policy: po5722*
 - c. Distribution and Display of Materials: All materials for distribution or display are subject to the approval of the building principal. *Reference Board Policy: po5510, po5720, po5830, po6605, po9130, po9700.01*
- III. **Search and Seizure:** The 4th amendment of the U.S. Constitution protects all citizens from unreasonable search and seizure. *Reference Board Policy: po5771*
 - a. Locker Searches - WI State Statute 118.325 - Courts have held that it is a proper function of school authorities to inspect the lockers under their control and to prevent their use in illicit ways or for illegal purposes. The following guidelines apply:
 1. Lockers are provided for convenience and are not the exclusive property of the student.
 2. School administrators or their designee may conduct searches.
 3. Periodic searches of any or all lockers (ie. hall/band/PE/classroom lockers) and its contents will be made to ensure compliance with laws and regulations.
 4. One particular locker and its contents may be searched if there exists reasonable suspicion that some item is being kept in the locker in violation of school rules.
 - b. Searches of personal effects can be and will be conducted as needed in accordance with legal guidelines.
 - c. Searches may include the use of canine units.
- IV. **Due Process:** The 14th amendment of the constitution requires a due process procedure for ensuring that the constitutional rights of all persons involved in legal issues are protected. It also requires that all laws must be within the power of the government and must have a rational purpose.

An appeals process has been established to ensure fairness in the application of school rules and regulations. A student or group of students who think that student conduct rules or other school regulations or procedures have been wrongfully interpreted or applied to him/her/them may appeal. The initial appeal must be filed with the principal. The student or students may elect to have faculty representation. *Reference Board Policy: po5611*

Student parking in the high school parking lot is a privilege and may be suspended or revoked for driving behaviors which are potentially hazardous to others or the property of others and/or other behavior issues.

Student parking in the main high school parking lot is allowed by permit only. Licensed student drivers will be issued a free permit that must be displayed on the driver's side rear window of the vehicle. The permit is good for the duration the student attends West Salem High School. Lost permits will result in a \$5.00 reissue fee. Students parking in the lot without a valid permit will be ticketed by the West Salem Police Department and may lose their privilege to park in the lot. If the vehicle is a truck and has a topper, the sticker must be placed in the same area, on the topper and not the window of the vehicle. Convertibles should display the parking permit in the front lower section of the windshield on the driver's side (make sure to locate in a way that does not impair vision). Motor cycles do not have to display a parking sticker but must be registered in the high school office.

Students may only park in designated spots in the lot East of the high school and/or at the Panther Den. Sophomores may be required to park at the Panther Den due to limited space. Student vehicles may be ticketed and/or towed for illegally parking in the above named areas.

The parking lot is off limits during the school day unless the student has been given permission to leave the building from office staff. No loitering (inside or outside parked cars) is allowed in the parking lot during lunch hours, before or after school. To avoid congestion on Mark Street, all students leaving the parking lot between 3:10 and 3:30 must turn left onto Hamlin Street or make a left on Mark Street away from campus. Proper driving etiquette is expected and parking privileges may be revoked.

Students are advised that vehicles parked on school property are subject to search.

SCHEDULING

Board Policy Reference: po5200, po5200.01

DROP/ADD PROCEDURES Creating the master schedule for West Salem High School and individual schedules for students is based on student choices. One of the responsibilities of making a choice is living with potential consequences. It is expected that students choose courses because they have a strong interest in them. All students must take a minimum of six courses per semester unless given approval from administration.

Thus, changing course selections after they are made for the upcoming school year is permitted **ONLY** according to the following policies:

1. Scheduling error – for example: a class is listed twice; more than two commons/study hall; missing a prerequisite.
2. Adding a class: a student may request to add a class to take the place of a commons/study hall period if space is available and the requested change does not overload the class.
3. Dropping a class: a student may request to drop a class, however, administration may deny the request if it results in the class size dropping below the minimum required number of students.
4. Failed class(es) or teacher/counselor recommended change.
5. Change required for Start College Now and Early College Credit, Youth Apprenticeship or Independent Study.
6. All other changes are subject to approval by the student services team and high school administration.

Procedure for requesting to change a schedule and actually dropping/adding a class is as follows:

1. All schedule changes must be completed by the fifth day of the semester.
2. Students pick up, complete (with signatures) and return a "REQUEST TO CHANGE" form from the Student Services Office.
3. Counselor(s) reviews "REQUEST TO CHANGE" form to determine if the request can be completed.
4. Counselor will contact the student, and if the request can be completed (i.e. space available in new class or dropped class won't go below the minimum), student receives "DROP/ADD" form from counselor to get signatures and approval/denial from staff, parent and principal.
5. Student returns "DROP/ADD" form to Student Services Office. This form must be returned in order for the change to be made to the student's schedule. If this form is not returned before the end of the fifth day of the semester the change is not made and the student will be marked "unexcused" from the class(es) being dropped and will be assigned detentions.

Dropping a class after the fifth day of the semester will result in the student receiving an "F" for the class. This would also result in the student being moved to silent study hall for a period of time as determined by administration.

The Student Services Office reserves the right to change student schedules. For example: balancing class sizes, changes to master schedule, etc.

SCHOOL CLOSINGS

All emergencies or announcements regarding school closings will be provided by the District office and broadcast on local radio stations. WIZM, WLXR, WKTY, WKBH, and WCOW.
