Letter from Superintendent Troy Gunderson

Referendum 2019

The School District of West Salem will host a referendum on April 2, 2018 seeking permission to exceed the state-imposed revenue limit for the purpose of funding district operating expenses. Salem. The board is seeking permission to exceed the revenue limit by \$1,600,000 in 2020, \$1,800,000 in 2021, and \$1,900,000 in 2022.

In preparation for the upcoming referendum, the school board remained focused on four key areas:

- I. Maintaining a “West Salem” quality education.**
- II. Limiting the referendum to a 3-year term.**
- III. Identifying how the money will be used.**
- IV. Keeping taxes lower than most area school districts.**

These four key areas guided the school board discussions that lead to the board’s unanimous decision to host a referendum in April. What follows is a brief discussion of each of the four key areas and a list of frequently asked questions.

We invite you to stop by the district booth during Celebrate West Salem in the high school from 11:00am until 2:00pm on Sunday March 17th. The district will also host an open house at the new Panther Den Events Center as part of Celebrate West Salem from 11:00am until 2:00pm.

Thank you for reading,
Troy M. Gunderson

School District of West Salem

I. Maintaining a “West Salem” Quality Education

Simply put, the school board is requesting additional revenue in order to maintain the wonderful programing the district offers its students and families. The School District of West Salem is a premier school district in both the Coulee Region and the State of Wisconsin. From a National Blue Ribbon elementary school and state-of-the-art middle school to a high school filled with opportunities such as college preparatory courses, exit projects, vocational certifications, and co-curricular activities, West Salem is literally second to none. By requesting these additional funds, the district is not proposing anything new, the money will simply allow the great work to continue.

II. Limited to a 3 - Year Term

The school board considered feedback from the recent district survey and revisited budget forecasting information to determine a three-year term to be a prudent approach. The proposal concludes with the 2021-2022 school year and 2022 tax year.

III. How Will the Additional Money be Spent?

The \$1,600,000 requested in the first year will be spent in the following manner:

- \$800,000 to cover the 2018–2019 structural budget deficit
- \$400,000 to cover the annual increase in

salaries and benefits for current staff

- \$100,000 to restore funding for the annual purchase of a school bus
- \$50,000 to restore funding for maintenance and operations
- \$250,000 to begin saving for a future roof replacement project at the high school estimated to cost \$1,000,000

The dollar amounts increase gradually during the second and third years to offset continued increases in wages and benefits. However, the cost to local tax payers will not increase during the second and third years because additional state aid received as a result of increased expenses will cover the difference.

IV. Keeping Taxes Lower Than the Neighbors

Approval of the referendum is projected to raise the mil rate to approximately \$9.55 per thousand up from the current rate of \$8.89 per thousand. This will increase property taxes by an estimated \$65 for every \$100,000 worth of property. Please note, if voters reject the referendum, the mil rate will likely decrease to an estimated \$7.90 per thousand saving tax payers approximately \$100 per \$100,000 worth of property. For reference, the average mil rate in the School District of West Salem during the past twenty years is \$9.74 and the average mil rate for the state of Wisconsin is \$9.77. Mill rates for the 2018 tax year for West Salem and our neighboring districts are shown below.

Frequently Asked Questions!

The following is an updated list of questions received as community engagement about the upcoming referendum increases.

What about simply “tightening your belt?”

The district balanced recent annual budgets with reductions to employee benefits, stagnant wages, reduced supply budgets, and delays in purchasing equipment and maintenance items. The 2018 – 2019 budget cycle marked a breaking point as enrollment demands and facility changes required additional staff along with the need to offer regionally competitive compensation packages resulted in wage increases. The resulting 2018–2019 budget includes an \$800,000 deficit. The district is now at a point where additional cuts will directly impact programming and achievement.

As evidence of the school board’s ability to “tighten their belts” during the past five years, the Wisconsin Department of Public Instruction (DPI) offers data regarding “Education-Related Expenses.” The statewide data indicates the School District of West Salem ranks as the 25th lowest spending district out of 420 school districts in Wisconsin.

The graph below offers a similar comparison with our neighboring school districts.

What happens if the referendum fails?

If the referendum fails, the school board will reduce approximately \$1,000,000 from the 2019–2020 school budget. Recently, the board agreed upon a general description for budget reductions. The description includes:

- Increase class sizes in the elementary school by 3–5 students per room to reduce 4–5 teaching positions.
- Eliminate and/or reduce elective programming at the middle and high schools including music lessons, foreign language, physical education, advanced science, at-risk programming, and vocational offerings to reduce 2–3 teaching positions.
- Increase class size by 7-10 students in high school required areas of English, mathematics, and physical education to reduce 2–3 teaching positions.
- Reduce the budgets for staff training and the purchase of equipment and supplies.
- Reduce the budgets and staffing for custodial, maintenance, and clerical assistants.
- Reduce the supervisor/administrative team by one position.

In the end, district students will have fewer choices, attend school in larger classes, and receive fewer services, all while needed updates and repairs to district equipment will be further delayed.

Frequently Asked Questions continued...

Why does the district need to ask for more money?

The state-imposed revenue limit was initially established to control spending and property tax rates. The plan includes a safe guard provision requiring school districts to host referenda seeking permission to exceed the limit. The School District of West Salem revenue limit has only increased by a cumulative total of 1.4% since 2013. The district is now faced with the dilemma of seeking voter permission to exceed the limit or begin the process of reducing district programming.

How is this different from previous referendums to renovate and expand our facilities?

School districts have two distinct budgets, or pots of money, connected to referendums. One budget is for the annual operation of the organization. The operational budget is used for costs connected to items such as employees, equipment, supplies, and utilities. This is the budget that is controlled by the state-imposed revenue limit and requires a referendum to exceed. The revenue limit for the School District of West Salem has been essentially frozen for the past six years while costs have increased. This is why the school board is now hosting a referendum seeking voter permission to exceed the limit.

The second budget is for the purpose of paying down long term debt much like a “mortgage” payment. This budget is determined by facility referendums which allow school districts to borrow money to finance construction projects. The money from this type of referendum must be spent on the project as described in the election and is paid back over time. Beginning in 2016, the School District of West Salem passed three facility referenda and completed a number of construction projects all financed at historically low rates. The money from these referenda cannot be used for operations.

Will Governor Evers make a difference in our funding?

While the new governor may differ in philosophy from the previous governor, he is still working with essentially the same legislature. Political forecasters suggest the new “divided government” will seek areas of agreement like improving our roads and confronting the opioid crisis while avoiding more divisive issues like funding for public education. Best guess is we will see very little change in funding for public schools in the next budget cycle.

Does the Boys and Girls Club pay to host their new club in our middle school?

Yes. The Boys and Girls Club (BGC) entered into an agreement with the school district regarding the hosting of a club in the district’s newly renovated middle school. First, the BGC donated \$2,500,000 towards the construction of the middle school. This money was paid in full and was spent on the construction project. Second, the BGC agreed to pay 8.5% of the utility costs for the new middle school. The percentage was based upon square footage and hours of use. So, yes, the BGC paid \$2.5 million up front and will pay their share of the utilities moving forward.

Does the WS Hockey Association pay to play in our new Panther Den Events Center?

Yes. The West Salem Hockey Association (WSHA) entered into an agreement with the school district regarding use of the Panther Den Events Center for WSHA practice and events. First, the WSHA donated a chiller, an ice resurfacing machine (Zamboni), a scoreboard, and other miscellaneous equipment along with \$150,000 in cash to assist in the initial opening of the facility. These donations represent a total value of \$350,000. Second, the WSHA agreed to pay 60% of the cost of utilities to operate the new facility during the time when the ice is installed.

Does the district truly have a problem with wages?

Yes. For a number of historical reasons, the School District of West Salem offers lower wages than surrounding school districts. As a point of information, the district uses a cohort of Black River Falls, G-E-T, Holmen, Onalaska, Sparta, and Tomah for wage comparisons. Within this cohort, West Salem’s wage scales are at, or near the bottom, for nearly every category of school district employment. In today’s more fluid and tight employment market, the district must offer more competitive wage rates or run the risk of excessive employee turnover and difficult recruitment.

Reminder Regarding Snow Make-Up Days

In light of recent school cancellations due to weather, district administrators evaluated the school calendar and have made some revisions we need to make you aware of. At this point, we have had seven cancellation days, four of which we are required to make up. March 15 was included in our calendar as a make-up day, so school will now be held this day. In addition, students will also attend classes June 6 and 7. To avoid potentially having to hold school during the second full week of June, the district has decided that school will now be held on March 29, a previously scheduled day off for teacher inservice.

In summary, these snow days will be made up on March 15 and 29 and June 6 and 7 pending any further cancellations. To see a revised school year calendar, please go to the link below. If you have any questions, please let us know.

March is Youth Art Month!

March is Youth Art Month in Wisconsin, and to celebrate the West Salem District Art Department presents the Annual K-12 Honors Art Exhibit. This exhibit showcases the talents of our art students from Kindergarten through their Senior year. Over 100 works will be in the Marie W. Heider Gallery from March 1st through the 31st.

There will be a public reception on Thursday, March 21st from 6-7:30pm in the gallery.

The West Salem District Art Department is proud to announce that 12 of our students will have artwork featured at the State Youth Art Month exhibit at the Capitol Rotunda in Madison on April 5th! These students displayed work at the West Central Regional exhibit in Black River Falls, and were chosen to advance to the State Exhibit. The Capitol Rotunda exhibit is an annual event that celebrates the best student artists in the state of Wisconsin. It is attended by artists, teachers, politicians and dignitaries, and features approximately 500 works of student art.

WSES Teacher wins "Tools for Schools"

Anne Skaar, a second grade teacher at West Salem Elementary, was recently awarded the WXOW "Tools for Schools" Award for the month of February. The \$750 award is given by WXOW, Brenengen Auto, Dependable Solutions and S.S.E. Music to one deserving teacher in our area every month to fund a project that will impact student learning both now and in the future. Her class received a visit from the sponsors where they presented her with a check and visited with her students. Mrs. Skaar will use the award to purchase rock tumbling supplies and books for her class, so that they can learn about weathering, erosion and other natural processes revolving around geology. We'd like to thank all of the generous sponsors for their support of our area teachers and congratulate Mrs. Skaar on winning this well-deserved award!

Working and Learning Together

Throughout the year, 8th graders have given up their Panther Time to be peer mentors and buddies to friends in a physical education class that combines all skill levels and abilities. In Ms. Becker's Unified PE, students of all abilities work together to problem solve, communicate, and build friendships with others who may be unlike them. In this class, students have learned various lifetime activities, danced, and participated in fitness activities. Most importantly; however, students have learned how to work cooperatively, communicate in a

variety of ways, accept all abilities, and lead by example. Ms. Becker had such a wonderful response when she asked 8th graders if they wanted to be involved that she had to split them into three separate groups. As you can see, they are all having a great time! Unified PE has provided students with many life lessons as well as many new friends! Thank you to Ms. Becker for providing such a wonderful opportunity for our students. This class is truly an example of serving with passion!
