

On-Site Training

NEWLINE TRAINING POLICY

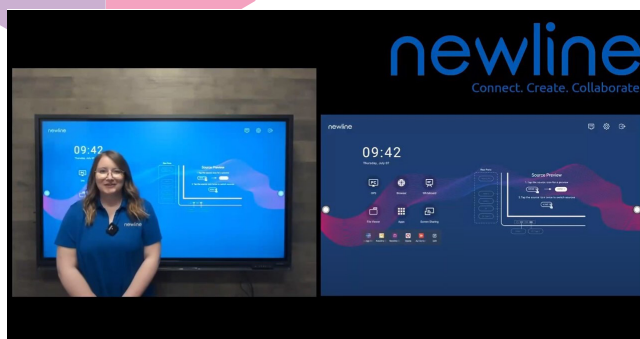

Did you know that Newline offers free, on-demand product training?

Newline University

Training Options include:

- **Newline University**
Learn everything you need in a self-paced learning environment with instructional videos, learning materials, training playbooks, and more.
- **Virtual Demos and Trainings**
Virtual trainings give you the unique experience of seeing our products in action, while being more convenient for your schedule. Get a personalized session to your specific needs with one of Newline's certified trainers and an even better experience than in-person as you can record the session to revisit later.
- **On-Site Trainings***
Prefer an in-person training? Newline's technical trainers lead hands-on training sessions on your campus, letting your team interact in person with Newline's world class training team.

Virtual Training

*Requirements for on-site training: School District or Site must have a minimum of 25+ displays to qualify for on-site trainings. District must request training with 21 days advanced notice. On-site training is based on trainer's schedule availability. Virtual training options are always a good alternative when scheduling conflicts arise.
