Letter from Superintendent Ryan Rieber

Welcome to Fall

Welcome to October and all that the fall season brings! The colors are in full swing and it is a beautiful time of the year. The school year has been one of change and fluidity, as we expected with the pandemic. In determining our mode of instruction moving forward, we will be using our municipality number and the trend of this number in accordance with our decision matrix. Municipality numbers are determined by the city found within your address. Any address that contains West Salem in it, would be reflected in the municipality data for the Village of West Salem.

The addresses that contain West Salem are used in calculating our seven day rolling average. The threshold that we are following to determine our modes of learning in West Salem depends on this average and how our community is trending with positive cases of COVID. When we see the seven day rolling average, what does it mean? For example, if the case count in West Salem exceeds 35, this does not mean that there are 35 active cases per day occurring in our community, this is an average over the course of the week. In breaking this

number down, this would mean roughly 3 cases per day. The cases per day is calculated by taking the seven day rolling average number (35), multiplying that by our combined municipality number (8800), and dividing by 100,000. This comes out to 3.08 cases/day over a seven day period. We will be monitoring and communicating out our municipality data and trends weekly to help lead our decision making for our learning models. The district will do our best to remain open for multiple weeks to provide our students, families, and staff consistency. However, we also know that this pandemic is not going away anytime soon. We do anticipate interruptions as we move through the school year.

The district is so proud of all of our staff! If you could see into the walls of our buildings and observe the hard work and dedication that our staff are continuing to provide for our students, it is inspiring! Just like all of you, our staff has remained flexible and are continually making adjustments in their teaching to provide the best for our students virtually and to serve with passion. We have some of the best and brightest staff around regardless of what learning looks like, we will continue to be there for our students and families!

We've got this, but we need your help! Our community needs to work together to bring this pandemic under

School District of West Salem

control so we can continue to work with our students within our buildings. It will take a team effort. The more we collectively work to keep this pandemic under control, the more we will have our students in school, free of interruptions. Please avoid large social gatherings, wear face coverings, remain socially distant, and practice good hand hygiene.

Together, we've got this!
Panther Proud!

Ryan G. Rieber
Superintendent

Spreading Kindness to Classmates

This school year has been quite different than our normal so far, but our students, staff, and community have truly found ways to extend kindness and generosity towards one another in such meaningful ways. During our first week of face-to-face classes, 5th grader Camden gave his classmates a very thoughtful surprise. His grandma spent time sewing masks for every fifth grader at West Salem Middle School to be able to wear during classes. To put that into perspective, there are over 120 students in the class! There were tons of designs for students to choose from, and Camden even delivered them to each classroom, with each mask packaged in a Ziploc bag for safety. All of the students were very happy to receive a unique mask of their own. Mr. Wopat even stopped by to get one! Thank you to Camden and his grandma for their generosity and kindness during this time. You sure brought a lot of smiles to our students!

A Long-Awaited Welcome Back

On Monday, September 14 and Tuesday, September 15, campus was buzzing with excitement as we welcomed our students back for the first time since March. While the “first day of school” looked much different than normal, with an emphasis on new safety protocols like masking, socially distancing and washing and sanitizing frequently, our students and staff were still as excited as ever to see each other. Smiles covered the faces of all, even through the masks, as students got to see their classmates and teachers after months of being away. Some of the safety precautions put in place around our schools are required face coverings for all five years and up, hand sanitizing stations throughout all buildings, lines and dots on our floors to remind students to keep separated, individual lunches delivered and consumed in classrooms, spaced out desks to ensure distancing and frequent sanitization of desks and other commonly used surfaces. Our teachers got very creative as well, utilizing the outdoors for their lessons and allowing students to get some fresh air while playing their instruments, listening to storytime and more. We were so impressed with how well all of our students followed the new protocols. A huge thank you goes to all of our staff and our families for their endless commitment to our students. While this may be a year of changing and adapting, we are Panther Proud and we will get through this together!

Connecting Even When Apart

As a way to connect with her students and show them that they are still a united classroom even when they are apart, Mrs. Perz, a first grade Coulee Region Virtual Academy teacher, has challenged her students to celebrate different daily “holidays” each day of the week. Her students have loved the idea and jumped on board to celebrate days like “Hug Your Hound Day,” “Comic Book Day,” and “Make a Hat Day.”

Our staff have been so creative in coming up with new ways to connect with their students and we appreciate their passion to ensure our students have the best learning experience possible.
