"Serve with Passion to Ignite Creativity,  
Innovation, and Excellence."

To: School Community  
From: Ryan G. Rieber, Superintendent  
Date: November 4, 2020  
Subject: Learning Mode Update

The School District of West Salem will be providing weekly updates on the COVID-19 condition in the County and the anticipated future learning modes for students. The School District will be using a [decision matrix](#) based upon the [Harvard Global Health Institute](#) and the [Minnesota Safe Learning Plan](#) to determine the mode of learning for students.

### Future Mode of Learning

The primary metrics show that we remain the **RED** category for this upcoming week as our West Salem Community numbers continue to increase. We will remain in our virtual learning platform for all students 4K – 12. This also means that any co-curricular activities will be virtual with competitions postponed for the week of November 9th.

The secondary metrics indicate the COVID-19 conditions in La Crosse County are also continuing to increase. We will continue to monitor all our environment and will provide an update of our plans for the week of November 16<sup>th</sup> on Wednesday, November 11<sup>th</sup>. I will continue this communication on a weekly basis. Updates on both the municipality and county data can be found on our [COVID-19 Dashboard](#). We will monitor the trend of the data and make an informed decision on try to get our students back on campus as soon as possible.

### Data

On Wednesday, November 4, 2020, the La Crosse County Health Department reported the following COVID-19 metrics and numbers that are used to aid the School District in determining the mode of learning:

#### Week: 10/26/2020 – 11/1/2020

Primary Metrics (W. Salem Community)	Number	School District Status
7 Day Avg. Case Rate (W. Salem Community)	63.92/100k people	RED
West Salem Municipality Trend	Increasing	RED

Secondary Metrics (La Crosse Co.)	Number	School District Status
7 Day Average Case Rate (Metric 1)	60.9/100k people	RED
Case Rate Trend (Metric 1, trajectory)	Increasing	RED

### Cases in the School District of West Salem

During the period from 10/26/2020 to 11/1/2020 the School District of West Salem had two positive COVID-19 cases.
