

JANE DOE FUND

The Jane Doe Fund is a donation driven account for the use of the Food Service Department. All donations to this account are reported to the board.

The funds are used to aid families that may encounter temporary financial hardship such as the loss of a job, loss of a family member, major family medical emergency, natural disaster or other related unforeseen emergencies.

Fund disbursement from the Jane Doe Fund is at the discretion of the School Nutrition Director and/or the Superintendent. Referral of families in need can come from building principals, guidance counselors, school nurse or health officials, kitchen staff, teachers or any support staff.

Families will be required to fill out a free and reduced meal application in order to assess the future needs of that family, as funds are very limited and are considered to be a temporary solution.
